

Petition to request the Shire of Kalamunda to be a Genetically Modified Food free zone

To the members of the Kalamunda Shire Council.

We, the undersigned residents of Shire of Kalamunda, say that Genetically Modified Foods pose a risk to human health and the environment.

We ask the Shire lead by example and purchase only GM free products for facilities administered by the Shire of Kalamunda. By leading the way, the shire will provide an example to encourage residents and businesses within the Shire to follow. This will pave the way for the Shire to become a Genetically Modified Food free zone.
